# List of Drinks and Wines

Wine is created from fruit of the vine which is grown on land that is nurtured and respected. Truly great wines express this fact inexplicably by showcasing their origin and *Terroir* : a French term which loosely depicts a 'sense of place' in products, like wine, that stem from the land. The winelist of Syracuse, therefore, focuses on the ideals of Terroir by showcasing wines that are geographically and stylistically unique from each other. The single vineyard is particularly in focus as the creations that come from these sites are often true to this nature of belonging. It may be also be added that Syracuse, with its overtly European setting, pays special attention towards highlighting the 'Old World' wine regions above all others and hopefully aid in transporting each guest into a different world entirely.

Due to the nature of large wine lists, some items may not be currently in stock, however, we will be more than happy to find an alternative bottle for your enjoyment.

## Champagne

There are many factors which attribute to Champagne's absolute domination of the sparkling wine market. The first to be mentioned has to be the ground in which the grapes are grown. The bedrock of limestone, that the monks in Reims many hundreds of years ago carved their cellars out of, is the key to keeping the soils of this cold, inland district warm enough to ensure that the Pinot Noir, Chardonnay and, with less difficulty, Pinot Meunier achieve perfect fruit ripeness whilst retaining the acidity and fruit characters required for the creation of some of the finest sparkling wines on Earth.

Condrieu is an extremely small Appellation in the North of France's Rhône Valley. The area is exceptional as it is the origin of the highly temperamental Viognier grape. The house of Gabriel Meffre have created a stunning example of Condrieu by using their famed 275 litre 'Laurus' Barrels from fine-grained Burgundian Oak in order to present Viognier with the utmost elegance and refinement.

## *Super Tuscans*

The Tuscan wine scene was transformed in the 1970's with the release of the first vintages of Sassicaia, the brainchild of the Incisa della Rocchetta family. Grown from two French grapes, Cabernet Sauvignon and Cabernet Franc, Sassicaia presented a true fusion of Italian style and french/modern winemaking technique. The wine caused Tuscan winemakers to question Italy's tiring DOC system, blending the native Sangiovese grape with Bordeaux varieties in new French oak barriques.

Ribera del Duero is the modern red wine miracle of northern Spain. Barely known until the late 1980s it now rivals Rioja as Spain's foremost red wine region. Situated on the banks of the Duero river (which once in Portugal becomes the Douro - the home of Port), this arid region becomes both extremely hot and incredibly cool from day to night producing wines with astonishing concentration and complexity. Vega Sicilia is the region's flagship estate and as such Unico exists: a reserve wine that is made from the local clone of Tempranillo together with Bordeaux varietals that were planted in the 19th century. Only made in the most exceptional vintages and aged in oak for longer than practically any other wine on Earth 'Unico' is a true staple to the Ribera del Duero: modern, radical, and stacked with personality!

2008	Château du Cedre Malbec, Tannat, Merlot	Cahors, France	<b>72</b>
2005	Château Montus 'La Tyre' Tannat	Madiran, France	<b>380</b>

What is Tannat?? Where is Madiran? Why is this all so seemingly unusual??? It is probably true that without Alain Brumont's perserverance the Tannat grape and its appellation of Madiran in Gascony, South West France, would be overlooked in the wine world. The monumental purchase and renovation of Château Montus in the 1980s has shown Brumont to be one of France's greatest ever winemakers as he succeeded in creating what is now one of Southern France's largest premium wine estates from the ground up. His radical idea of creating a world class, ultra premium, wine from the Tannat grape was inevitably realised as his flagship vineyard, 'La Tyre', defiantly shows with a perfect mix of dark savouriness with alluring characters that are quite unlike any other wine on Earth. A truly great wine from a great winemaker.

Retrospectively, few have heard of the small Lilydale winery in the Yarra Valley that is Mount Mary. There is no cellar door to speak of and their wines are incredibly rare, however, in this small corner of Victoria hide some of the finest wines in Australia. The late Dr. John Middleton established Mount Mary in 1971 with the aim to emulate the wines of Burgundy and Bordeaux. In my point of view he succeeded and his sons David and Sam continue to strive towards his goal with an even greater pace.

2007 Stag's Leap Wine Cellars 'Fay Vineyard' Cabernet Blend	Napa Valley, CA	233

It was the second vintage of Stag's Leap Wine Cellars Cabernet Sauvignon in 1973 which hurtled Warren Winiarski's newly owned Napa Valley winery, and the entire district no doubt, into the world of wine's spotlight, as it completely outclassed ten of the finest Cabernet blends from France and the USA in a blind taste test conducted by French judges at the 1976 Judgement of Paris. Of the wines that were presented, two of which were first and second growth Bordeaux blends! The first vineyard in the entire Napa Valley to be planted with Cabernet Sauvignon was owned by Nathan Fay, a true pioneer, and bought by Winiarski in 1986 to be bottled under the 'Fay Vineyard' title. The resulting wine is true class: equipped to last a lifetime and yet for the drinker to treasure every moment. Long and fine tannins aptly collect rich berry flavours with seamless and incredible structure.
